Size H/L/D:	11cm / 34cm / 34cm
Weight:	5kg net

Yuno TA 34 basin details:

Award winning designer duo Yuno has designed a brand new series of wash basins for Copenhagen Bath. With its Scandinavian minimalism and timeless design, it is already a classic. The soft rounded corners and an inner smooth design, stands in beautiful contrast to the outer sharp and straight edges, and makes the series both aesthetic and practical, which characterize good design. The Yuno series in matte white Acovi® composite, include wall mounted wash basins with drawer (CA) and without drawer (WA), and also a table mounted model (TA). Acovi® composite is ideal for bathrooms, since it is completely pore-free, and the smooth designed bowl makes it extremely easy to maintain. Using a waste offered in the same material as the wash basin, gives the wash basin its final touch.
