**Lövestad 170 bathtub details:**

Classic rectangular bathtub with thin sharp edges and corners. The inside in contrast is soft and specially designed with a chaise longue shaped bottom for maximum comfort. Lövestad bathtub is available in different sizes.

The bathtub comes with drain cover in the same Acovi solid surface. Acovi is a very hygienic product without any open pores where dirt can gather. It is therefore easy to maintain with daily cleaning, where the best result is achieved with washing-up liquid and a little vinegar to remove the limestone.

Use Copenhagen Bath Composite Care so water and limestone do not tie easy to the material.

Please note that there may be a tolerance of  $\pm 5\text{mm}$  as all products are hand sanded.
